

My family and I listen to K-LOVE every day. It is a station that I know will play only suitable lyrics for my family to listen to. The music is uplifting, encouraging and gets us repeating positive messages. If we lose K-LOVE, we will be very upset. It is such an important part of our lives. K-LOVE is another avenue for people in this community to learn about God. The artists sing of His mercies, love and forgiveness. It's a way that our community can learn that they can be forgiven for any sin, no matter how small or large.

Please keep K-LOVE on the air.
